Bangladesh China Chamber of Commerce & Industry (BCCCI) **FROM THE GLORIOUS PAST TOWARDS A BRIGHTER FUTURE**

The trade links between ancient Bengal and China are a rich treasure of history by itself. Following earlier records of such links by the 14th-15th century the exchange of trade missions is evidenced in the chronicles of these trade relations. The first mission from Bengal came to China in 1404 during the reign of the independent Sultanate of Bengal. Thereafter in 1412 it was graciously returned by the first Chinese trade mission to Bengal. In tune with the trace of trade links between China and Bangladesh came into being the Bangladesh China Chamber of Commerce & Industry (BCCCI) which was formally established in 2003 - an exclusive bilateral-trade-chamber-embodiment with the aim of further promoting trade and investment in Bangladesh and China looking forward towards the potential scopes of trade and commerce and economic cooperation and to establish stronger business bonds between the two friendly countries. BCCCI negotiates with the common stakeholders for ensuring the best benefits from this business body to take Bangladesh-China trade and economic relations to a newer height.

Apart from extending economic and defence cooperation, China has all along lent its support to Bangladesh in different international forums. The Padma Bridge is the glaring example of China's whole-hearted cooperation in the development of Bangladesh. The BCCCI, incorporated itself as a member of the Joint Stock Companies and Firm, Bangladesh, on 13th May, 2003. Subsequently BCCCI also received affiliation from the Federation of Bangladesh Chambers of Commerce and Industry, FBCCI on 23rd June, 2003. BCCCI enjoys the status of an 'A' Class chamber with the FBCCI. The chamber aims to make positive contributions to the promotion of trade, commerce and industries between Bangladesh and China, and provides as much as logistical, technical and other supports to the investors of both the countries. It takes all possible pragmatic steps in fostering ties, particularly is striving to diversify China's business and investment in Bangladesh within the international cooperation of China under its Belt and Road Initiative (BRI).

BCCCI serves with periodical publications of various economic and commercial character, publishes newsletter focusing bilateral trade issues and prospects, holds issue-based seminars and symposia, informing its members and the media about regulations in the field of economic activity, commercial usage, and about foreign currency issues and other related issues concerning export, import and investment.

I am delighted to know that Bangladesh China Chamber of Commerce & Industry (BCCCI) is publishing the latest edition of its Members' Directory, 2023 having details of all the members and organizations belonging to the trade body.

I am pleased upon being informed that BCCCI has expanded its scopes of Bangladesh brand promotional activities in China aiming to further augment exports from Bangladesh. Currently, since our exports to China are relatively low, hopefully, your initiative will bring some balance. I know the aim and objective of BCCCI is to promote bilateral relationship especially business and investment among Bangladesh and China. I expect that BCCCI will continue to attach due importance both to the traditional commodities from Bangladesh, as well as innovative products and services to meet the needs of the coming years and at the same time explore newer means and ways of harnessing more and more Chinese investment in Bangladesh.

Currently, under the leadership of our Prime Minister Sheikh Hasina our economy is on a trajectory of rapid development and varieties of opportunities are emerging. Bangladesh has a vibrant economy and it is a land of opportunity. Through your efforts, Chinese companies can explore investing in Bangladesh.

I wish the initiative of publishing the BCCCI Members' Directory a grand success. Joy Bangla, Joy Bangabandhu.

I am pleased to learn that Bangladesh China Chamber of Commerce & Industry (BCCCI) is going to publish its Members' Directory, which plays very important role in business communications both at bilateral and international levels.

The dedication of BCCCI in expanding the horizon of trade relations between Bangladesh and China is laudable. This specialized trade body has not only dedicated itself in promoting the Bangladesh products and services into Chinese market, it has been persistently searching for other ways in which Bangladeshi business of all kinds can gain access to a huge market as China. I personally believe that the close economic relation with the world's next second biggest economy is crucial for the future of Bangladesh and I wish BCCCI to flourish as a dependable link.

The existing economic, trade and commercial relations between Bangladesh and China is very good and it is good to note that the mission of BCCCI is dedicated to further expanding this relationship to a new height. I believe, the Members' Directory would be very valuable for exporters, importers, entrepreneurs, journalists, researchers and other trade bodies in both the countries.

I wish BCCCI every success in its kind endeavours.

I am indeed very delighted to know that Bangladesh China Chamber of Commerce & Industry (BCCCI) has all along been catching hold of the favorable winds of trade and commerce between Bangladesh and China, especially pursuing an investment-based export regime to meaningfully bridging the huge trade imbalance between the two friendly countries.

In fact it is highly expedient for Bangladesh to utilize each and every spell of scope and opportunity of export promotion with a huge economy on Chinese proportion, which now ranks as the second biggest economy of earth. Bangladesh has many thing to learn from China, especially how it turned from a regimented monolith into a throbbing economic empire of the enterprising people with modern and global outlook and a far reaching vision for the future.

I tend to see everything pertaining to the potential engagement with China's economic cooperation and trade in this perspective and in this contextual relevance, including that of the China-focused bilateral trade embodiment like the Bangladesh China Chamber of commerce & Industry (BCCCI). I have every reason to believe that BCCCI is working to both-way traffic of export, import, investment, JVs and also in other areas of wider social, economic, commercial and fiscal collaborations both in public as well as in private sector.

I Congratulate BCCCI for publishing its new Member's directory.

As far as my knowledge goes the principal aim and objective of BCCCI is to promote business opportunities among Bangladesh and China. The scopes and areas of interest are understandably far-reaching in that China is already the second biggest economy on earth and as such, exploring business with China is and will always remain a business connoisseur's principal aim and object, especially exporting to the unbelievable robust market full of opportunities.

I will expect that BCCCI will continue to attach due importance both to the traditional commodities from Bangladesh, as well as innovative and intelligence-based products and services to meet the need of the coming years and at the same time explore newer means and ways of harnessing more and more Chinese investment in Bangladesh.

I am really happy to know that the Bangladesh China chamber of commerce and industry (BCCCI) is going to publish a member's directory in 2023 for its members.

China is our largest trading partner. We traded around 19.5 Billion US Dollar worth of goods from China in 2021. Bangladesh already has FTA access to China whereby 98% of all goods to China enjoys Duty free access and Chinese trade and investment will also be crucial for Bangladesh when Bangladesh graduates from LDC position in 2026.

I hope that in the future Bangladesh China relations will reach new heights. Already we see many new Chinese business proposals who want to enter the country and I hope to see the good work performed by BCCCI who help to facilitate this trade and investment to continue. Bangladesh has a plenty of cheap labor and a young population. It also has a rising middle income people who have a very dynamic demand. As a result, I believe this trade and investment with China will be crucial. I believe BCCCI can help us to attract more Chinese investment and trade in the future through all the hard work it is already doing. BCCCI is already promoting trade, investment and development between the two brotherly countries. I believe that this chamber will create opportunities for the business communities of both countries. It will help in facilitating the business relationship further.

I thank the embassy of the People's Republic China in Bangladesh and the embassy of Bangladesh in China for their support to work together with BCCCI for the expansion of trade and commerce in both countries.

I wish BCCCI all the success in this endeavor.
Joy Bangla Joy Bangabandhu.

I am delighted to know that Bangladesh China Chamber of Commerce and Industry is doing its best to help Bangladesh achieve its goal of upper middle income country status by 2031. It is doing this by encouraging trade with our biggest trading partner China and investments from China.

It has been the dream of the Father of the Nation Bangabandhu Sheikh Mujibur Rahman to see Bangladesh becoming a prosperous nation. Hopefully under the farsighted leadership of the Hon'ble Prime Minister Sheikh Hasina we will become an upper middle income country by 2031 and a developed nation by 2041.

I am delighted to know that Bangladesh China Chamber of Commerce & Industry (BCCCI) is going to publish the latest edition of its Members' Directory. On behalf of the Chinese Embassy in Bangladesh, I would like to thank BCCCI for its long-term commitment to strengthening China Bangladesh economic and trade cooperation and promoting the healthy and stable development of China Bangladesh relations.

China and Bangladesh share close historical relations, comparable national conditions, like minds in governance and well-connected national dreams. Since the establishment of China-Bangladesh diplomatic relations 48 years ago, the two sides have always trusted, respected, supported and helped each other, setting an example of friendly coexistence and win-win cooperation between countries. In 2016, Chinese President Xi Jinping paid a historic visit to Bangladesh and, together with the Honorable Prime Minister Sheikh Hasina, uplifted our bilateral relations to a Strategic Partnership of Cooperation. In 2019, the Honorable Prime Minister Sheikh Hasina, in turn, made a landmark visit to China. Under the careful cultivation of the leaders of both countries, China-Bangladesh relations have entered a fast track of high speed and high quality development.

The cooperation on economy and trade serves as the pillar of bilateral relations. China has maintained Bangladesh's largest trading partner for 12 consecutive years, and ranking second among Bangladesh's sources of foreign direct investment. This year marks the 10th anniversary of the launching of the Belt and Road Initiative. Bangladesh is the first country in South Asia to join the BRI. A good number of roads, bridges, power plants, ports and other infrastructure projects constructed by Chinese enterprises have been completed, reshaping the landscape of Bangladesh, providing a large number of job opportunities, promoting socio-economic development as well as people's livelihood in Bangladesh, and enhancing understanding and friendship between the two peoples.

Today, China is committed to building a modern socialist country in all respects by the mid of this century, thereby realizing the Chinese dream of great rejuvenation. Bangladesh is also working hard to implement the "Vision 2041" perspective plan and to realize the "Sonar Bangla" dream. Both China and Bangladesh are at a critical stage of development and revitalization, and both are committed to achieving the development goals of each country. China will, as always, go hand in hand with Bangladesh to deepen economic and trade cooperation, strengthen personnel exchanges and explore new growth points, so as to realizing our respective dreams and better benefiting the people of both countries.

I would like to congratulate Bangladesh China Chamber of Commerce & Industry (BCCCI) for their commitment and work to promoting economic relations between Bangladesh and China. Your proactive role is much appreciated by all concerned engaged in developing trade, commerce and investment opportunities between Bangladesh and China both in public and in private sectors.

I am delighted to know that some of the work BCCCI have done include becoming official partner of BIDA, BEPZA, BEZA as well as for its being one of the first Bangladeshi Trade bodies to be recognized by CCPIT HQ as an official partner. I am also aware of the workshops conducted by BCCCI with different entities to facilitate business for the Chinese Businessmen. I am pleased that Bangladesh China Chamber of commerce & Industry (Bcccl) is going to publish the latest edition of its Members Directory, 2023.

As strategic partners, Bangladesh and China share a common goal of peace, prosperity and regional development. our deep friendship and cooperation reached new heights under the visionary leadership of the Honorable Prime Minister Sheikh Hasina and His Excellency President Xi Jinping.

Investment and trade form the most vibrant arena of our friendship. China is our biggest trading partner and Chinese investment is a growing portfolio in Bangladesh. The FDI stock of China is currently worth \$1.47 billion US dollars and we want this to reach its full potential.

As the apex investment promotion agency of Bangladesh, BIDA is working consistently to facilitate chinese FDI, which is especially useful for diversifying Bangladesh's manufacturing exports. In this outreach effort, the Bangladesh-China Chamber of Commerce and Industry (BCCCI) is one of our key partners. BIDA has a strategic focus on China as a high-value FDI market and our dedicated Liaison officers for China support investors throughout their project life cycle.

China is interested in a wide array of Bangladeshi thrust sectors, but more specifically in agro processing, health & medicine and logistics. It is especially interested in the manufacturing sector to accelerate green development. So, BIDA is working with several partners including BCCCI in the ground level to fully leverage the dynamic investment cooperation between Bangladesh and China.

On this note, I thank the initiative to publish this directory of BCCCI. I wish BCCCI a grand success in all their future efforts.

And as part of its efforts to attract foreign investment including China, Bangladesh Economic Zones Authority (BEZA) is striving to establish Economic Zones in the country as well as an Exclusive Chinese Economic Zone.

The Members' Directory aims to foster stronger ties and facilitate fruitful business relationships among the members. Over the past years, the trade between Bangladesh and China has seen remarkable growth, with significant advancements in various sectors with trade collaboration extending beyond traditional boundaries. Message

I am very pleased to learn that Bangladesh China Chamber of Commerce and Industry (BCCCI) is publishing its Members' Directory with updated information, that would serve as an important and effective tool for networking among the stakeholders and overseas counterparts. On behalf of Bangladesh Export Processing Zones Authority (BEPZA), I extend my warm felicitations to BCCCI for publishing this much needed important document. I also appreciate BCCCI's remarkable contribution in building a 'Sonar Bangladesh' that our Father of the Nation Bangabandhu Sheikh Mujibur Rahman dreamt of.

BEPZA, being the pioneer Investment Promotion Authority of Bangladesh, has been successfully performing the responsibilities of creating, developing and operating state-run Export Processing Zones (EPZs) of the country for last 42 years. The Authority is consistently striving to improve the investors' experiences right from project sanctioning till the beginning of operation and export. China, being the largest investing country in the EPZs, always draws the Authority's special attention for care and growth. During a recent 'Investment Promotion Tour' to three major cities of China (namely Hong Kong, Guangzhou and Suzhou), BEPZA authority received extra ordinary responses from the Chinese investors for investment in Bangladesh. BCCCI may work as the bridging tool between these prospective investors and BEPZA.

In light of the recently concluded Memorandum of Understanding (MoU) between BEPZA and BCCCI, we believe and are hopeful that BEPZA and BCCCI would work together to facilitate FDI from China into Bangladesh's EPZs and Economy Zone (EZ). Being the largest catalyst of Chinese Investment in Bangladesh with over 450 Chinese members, BCCCI can contribute to a large extent in undertaking initiatives for the improvement of the investment climate in Bangladesh. I urge upon BCCCI to also extend required guidance and assistance as regards to technical and regulatory compliances to the interested investors from China during their transitioning phase of investment in Bangladesh.

I once again congratulate the President and all esteemed members of BCCCI on this occasion and wish them the best of luck in their future endeavors.

On behalf of the business community of Chattogram, I would like to congratulate Bangladesh China Chamber of Commerce & Industry (BCCCI) for taking the initiative to publish its Members Directory.

China and Bangladesh over the years have maintained a good trade relationship. In terms of trade, China is the largest source of import for Bangladesh. However, Bangladesh's export to China is still very low compared to our import. Therefore I request Bangladesh China Chamber of Commerce & Industry (BCCCI) to take steps to reduce this trade deficit via facilitating the increase of Bangladesh's export to China. To this end, I hope to see extensive promotion of potential export products from Bangladesh to China as well as effective measures to ease off market entry process for Bangladeshi products in China via eradicating all types of Non-tariff Barriers and SPS procedures, if any, for Bangladeshi products in China.

I am happy to learn that the Members Directory will contain all relevant information about the business community engaged in Bangladesh and China trade and investment. And I hope this directory will be successfully distributed to business communities in China. This will be a good starting point to establish contacts with Bangladeshi enterprises and open up opportunities to grow Bangladesh's exports to China.

I hope Bangladesh China Chamber of Commerce & Industry (BCCCI) will keep working towards its commitment to facilitate and increase of trade and investment between Bangladesh and China and give special focus on increasing Bangladesh's export to China and encouraging private investment from China in Bangladesh.

This Chamber has been a pioneer of formal business matchmaking initiatives in Bangladesh, where businesses can meet other businesses to seek and create new opportunities, exchange ideas and join their hands. With a view to facilitating more foreign direct investments from China and addressing growth and sustainability issues for the investors, BCCCI is relentlessly contributing to the economic growth of both the Bangladesh and China. Part of that facilitation includes becoming the official partners of BIDA, BEZA and BEPZA, the main government investment authority in Bangladesh and China Council for the Promotion of International Trade (CCCPIT) HQ.

The BCCCI Members' Directory-2023 will be very constructive for further business cooperation between Bangladesh & China. This Directory will also be uploaded in the website of BCCCI as well.

We have tried our level best to make the Directory error-free but if there lays any unwanted mistake, we apologize for that.

I would like to congratulate all the valued Members, Members of the Executive Committee, Sub Committees, and the BCCCI Secretariat for their hands of cooperation, and all the sponsors for their kind support in making our effort successful.

Thank You

China Country Profile 中国国家概况

China, officially the People's Republic of China (PRC), is a country in East Asia and the world's most populous country, with a population of around 1.4 billion. Covering approximately 9,600,000 square kilometers (3,700,000 sq mi), it is the third- or fourth-largest country by total area. Governed by the Communist Party of China, the state exercises jurisdiction over 22 provinces, five autonomous regions, four direct-controlled municipalities (Beijing, Tianjin, Shanghai, and Chongqing), and the special administrative regions of Hong Kong and Macau.

China emerged as one of the world's earliest civilizations, in the fertile basin of the Yellow River in the North China Plain. For millennia, China's political system was based on hereditary monarchies, or dynasties, beginning with the semi-legendary Xia dynasty in 21st century BCE. Since then, China has expanded, fractured, and re-unified numerous times. In the 3rd century BCE, the Qin reunited core China and established the first Chinese empire. The succeeding Han dynasty, which ruled from 206 BC until 220 AD, saw some of the most advanced technology at that time, including papermaking and the compass, along with agricultural and medical improvements. The invention of gunpowder and movable type in the Tang dynasty (618–907) and Northern Song (960–1127) completed the Four Great Inventions. Tang culture spread widely in Asia, as the new Silk Route brought traders to as far as Mesopotamia and Horn of Africa. Dynastic rule ended in 1912 with the Xinhai Revolution, when a republic replaced the Qing dynasty. The Chinese Civil War resulted in a division of territory in 1949, when the Communist Party of China established the People's Republic of China, a unitary one-party sovereign state on Mainland China, while the Kuomintang-led government retreated to the island of Taiwan. The political status of Taiwan remains disputed.

Since the introduction of economic reforms in 1978, China's economy has been one of the world's fastest-growing with annual growth rates consistently above 6 percent. According to the World Bank, China's GDP grew from \$150 billion in 1978 to \$12.24 trillion by 2017. Since 2010, China has been the world's second-largest economy by nominal GDP and since 2014, the largest economy in the world by purchasing power parity (PPP). China is also the world's largest exporter and second-largest importer of goods. China is a recognized nuclear weapons state and has the world's largest standing army and second-largest defense budget. The PRC is a permanent member of the United Nations Security Council as it replaced the ROC in 1971, as well as an active global partner of ASEAN Plus mechanism. China is also a leading member of numerous formal and informal multilateral organizations, including the Shanghai Cooperation Organization (SCO), WTO, APEC, BRICS, the BCIM, and the G20. In recent times, scholars have argued that it will soon be a world superpower, rivaling the United States.
